APPROVED STEWARD FIELD KIT

LOVE STEWARDS

Help good relationship information find
the people who need it.

RECOGNIZE > INTRODUCE > LET LOVE BLUEPRINT WORK

One job. Real value.

A note from Dawone Cornish

Sometimes helping somebody does not mean having the answer.

Sometimes it means recognizing that somebody you care about could benefit from seeing themselves, their partner, or their relationship from an entirely different angle, and knowing where to send them.

That is what a Love Steward does.

Your role centers on a clear introduction. Love Blueprint carries the analysis, translates the mechanics, answers service questions, and helps the person choose what fits.

You do not have to convince anybody. You simply help the right people find us.

I appreciate your willingness to make those introductions.

WHAT THE LINK DOES

It helps Love Blueprint associate eligible Complete Report purchases with you. Keep the link exactly as issued, including the ?ref=YOURCODE ending.

60-DAY WINDOW

A valid referral remains active for 60 days. The most recent valid Steward referral receives credit.

MANUAL CODE WINS

If the customer enters a valid Steward code during checkout or intake, that code takes priority. This creates a reliable backup for verbal referrals, forwarded links, returning visitors, and cross-device purchases.

What you earn.

The reward is transparent. The role stays simple.

COMPLETE REPORTS

15%

Earn 15% when a properly attributed referral purchases an eligible Complete Report.

ESSENTIALS REPORTS

Accessible beginning

Essentials Reports help people begin. Steward commissions apply to eligible Complete Reports.

When commissions become payable

A qualifying commission remains Pending for 30 days after payment. That window allows refunds, cancellations, chargebacks, disputes, or payment reversals to settle. Eligible commissions then move to Approved and enter the applicable monthly payout cycle.

THE PERFORMANCE PATH

Personal purchases remain welcome. Self-purchases carry no Steward commission.

You probably already know somebody.

A Love Steward pays attention to the person behind the question.

01

The friend who is dating again and wants to choose with greater awareness.

05

The single parent ready to understand their own patterns before building again.

02

The couple who loves each other and keeps arriving at the same argument.

06

The person quietly asking, 'Why do I keep ending up here?'

03

The young adult getting serious about somebody for the first time.

07

The couple doing beautifully who wants language for why they work.

04

Someone preparing for marriage, or beginning again after divorce.

08

The parent wishing their adult child had better information before a major choice.

Love Blueprint is useful beyond relationship problems.
Sometimes people want better information before the problem exists.

Three messages you can send.

Personalize the opening. Keep the introduction natural. Add your referral link.

A

I thought of you

Hey, I came across something called Love Blueprint and thought of you. They look at individual and relationship patterns and translate everything into regular relationship language. I figured you might find it interesting, so I wanted to pass it along. No pressure. Take a look whenever you have a minute:

B

You two might enjoy this

I saw this and thought you two might actually enjoy it. Love Blueprint looks at how two people naturally operate individually and together, including the differences and chemistry that can show up between them. They do the analysis and explain it in normal language. Thought I would send it your way:

Dating or starting over

I thought about you when I saw this. Love Blueprint has a way of looking at your natural relationship patterns before you get too far into somebody else's world. I could see it being useful when you are dating, starting over, or thinking seriously about what you want next. Here is my link if you want to explore it:

These work because they sound like introductions between people.

Two posts. Two doorways.

Use your own voice around the approved core. Keep the disclosure with the post.

RELATIONSHIP UNDERSTANDING

Two people can genuinely care about each other and still experience the same situation completely differently.

Sometimes the breakthrough comes from understanding the differences instead of assuming everybody naturally operates the same way.

That is one thing I appreciate about Love Blueprint. It gives people another way to see what may actually be happening between them.

DATING

We gather a lot of information before buying a house, choosing a career, or making a major investment.

Then people sometimes make one of the biggest decisions of their lives with little more than chemistry and hope.

Love Blueprint gives people another layer of information for understanding themselves and the people they are considering building with.

Lead with the difference.

This is the cleanest explanation for an audience already familiar with Human Design.

THE LOVE BLUEPRINT DIFFERENCE

You can benefit from Love Blueprint without becoming a student of Human Design.

The technical mechanics stay behind the scenes. Love Blueprint does the analysis and translates the useful information into language you can recognize in yourself and your relationships.

We study the mechanics. You receive the meaning.

REQUIRED COMPENSATED-REFERRAL DISCLOSURE

I am an approved Love Blueprint Love Steward and may earn a commission from eligible Complete Report purchases made through my referral.

Place the disclosure where people can see it with the recommendation. Clear, close, and easy to understand beats hidden or vague.

Give them the bigger picture.

When somebody asks, 'Okay, but what exactly is Love Blueprint?' share the approved brochure, then include your personal link.

Language that works

- It may give you another way to understand what is happening.
- It looks at how two people naturally operate together.
- You do not need to know Human Design.
- The report is written in normal relationship language.
- They do the analysis for you.
- I thought of you when I saw this.

The Steward's advantage: You sound like a thoughtful person making an introduction, because that is exactly what you are doing.

The three-sentence explanation.

Love Blueprint is a relationship-analysis service powered behind the scenes by Human Design and the Science of Differentiation.

We study how people naturally operate individually and together, then translate what matters into ordinary relationship language.

You get the insight without having to learn the system.

KEEP THE ROLE CLEAN

Your greatest value comes from a clear introduction. Love Blueprint handles person-specific interpretation.

- Describe the service as educational and analytical.
- Share your authentic experience and approved materials.
- Use language such as 'may,' 'could,' and 'another way to understand.'
- Direct analysis, compatibility, safety, or treatment questions to qualified professionals.

Love Blueprint does not guarantee compatibility, healing, marriage outcomes, diagnosis, or therapeutic results. It does not replace licensed therapy, mental-health treatment, medical care, or legal advice.

The numbers that matter.

Keep this page. It answers most operational questions in under a minute.
